**AMEND Senate Bill No. 1137**

**House Bill No. 584\***

by deleting all language after the enacting clause and substituting instead the following:

SECTION 1. Tennessee Code Annotated, Section 68-211-123, is amended by designating the existing language as subsection (a) and adding the following new subsection:

(b)

(1) The commissioner shall not approve any application for waste evaluation or recertification of waste evaluation that is submitted on or after July 1, 2021, that would authorize the disposal of sewage sludge that has not undergone aerobic or anaerobic digestion as specified in "Environmental Regulations and Technology - Control of Pathogens and Vector Attraction in Sewage Sludge", EPA - 625/R-92/013, rev. July 2003, in a Class I landfill located in a county with a population of not less than two hundred sixty-two thousand six hundred (262,600) nor more than two hundred sixty-two thousand seven hundred (262,700), according to the 2010 or any subsequent federal census, when the sewage sludge does not originate from the same county as the county where the landfill is located, unless approved by a two-thirds (2/3) vote of the legislative body of the county in which the landfill is located.

(2) A county legislative body's approval under subdivision (b)(1) must specifically authorize disposal of undigested sewage sludge, which is imported from outside the county, in a Class I landfill located in the county. A county or municipal legislative body's general authorization to locate a Class I landfill in the county under part 7 of this chapter is not sufficient to authorize the commissioner

to approve any application for waste evaluation or recertification of waste evaluation under subdivision (b)(1).

SECTION 2. This act takes effect July 1, 2021, the public welfare requiring it.

**AMEND Senate Bill No. 119\***

**House Bill No. 641**

by deleting all language after the enacting clause and substituting instead the following:

SECTION 1. Tennessee Code Annotated, Section 70-2-201, is amended by adding the following subsection:

(h)

(1) There is created a lifetime sportsman license for adopted children who reside in this state, which entitles such child's legally designated guardian to apply for the license on the child's behalf within thirty-six (36) months immediately following the date of the child's adoption. The child must be under thirteen (13) years of age on the date of application for the license and upon receipt of the license is entitled to the same privileges and benefits as provided to an annual sportsman license holder. A lifetime sportsman license for adopted children remains valid throughout the life of the license holder even if the person becomes a nonresident. The child is to be issued the lifetime sportsman license upon payment of the fee created under subdivision (h)(2) and presentation of proof of age and residency, satisfactory to the agency. This subsection (h) does not prevent issuance of a lifetime sportsman license to an adopted child who meets the qualifications in subsection (g).

(2) The agency shall promulgate rules in accordance with the Uniform Administrative Procedures Act, compiled in title 4, chapter 5, to create a one-time-only fee to cover the costs of implementing subdivision (h)(1).

SECTION 2. This act takes effect upon becoming a law, the public welfare requiring it.

**AMEND Senate Bill No. 836**

**House Bill No. 871\***

by deleting all language after the enacting clause and substituting instead the following:

SECTION 1. Tennessee Code Annotated, Section 59-8-208, is amended by adding the following as a new subsection:

(f) Notwithstanding any of the above, a former surface mining operation, as defined by § 59-8-202(8) that is not currently permitted or otherwise regulated under this chapter, a former borrow excavation, as defined by § 54-1-128(a), or a former quarrying operation, as defined in § 13-7-101(a), that agrees to receive fill or borrow material from state highway construction projects as part of its material for backfilling or grading is exempt from all local restrictions, rules, regulations, or laws that explicitly or implicitly limit the operator's ability to fill the pit and reclaim and restore the site, including prohibitive zoning, limits on truck traffic, weight limits or distance limitations, or other operational limitations, if:

(1) The fill work complies with the requirements of the Tennessee Water Quality Control Act of 1977, compiled in § 69-3-101 et seq.; and

(2) In all other ways satisfies state law applicable to the fill activity.

SECTION 2. This act takes effect upon becoming a law, the public welfare requiring it.
